

Setting Decision Points

The screenshot displays the Odyssey 360 user interface. At the top, the user's name 'Jennifer Hendrickson' and options for 'Help' and 'Log Out' are visible. The main navigation bar includes 'Dashboard', 'My Students', 'Courses & Assignments', 'Assessment', 'Reports', 'Content', 'Message Center', and 'Community'. Below this, a secondary navigation bar lists 'Class Progress', 'Courses', 'Assignment Status', 'Assignment Builder', 'Assignment Archive', and 'Submitted Projects'. The 'Assignment Archive' button is highlighted with a blue callout box containing the text '1. Assignment Archive'. Below the navigation bars, there is a descriptive paragraph about the assignment components and a list of buttons for each component: 'Class Progress', 'Courses', 'Assignment Status', 'Assignment Builder', 'Assignment Archive', and 'Submitted Projects' (which includes a small icon of a document with a checkmark).

Class Progress Courses Assignment Status Assignment Builder Assignment Archive Submitted Projects

Assignments is divided into five components. Class Progress allows you to view class and student progress. Assignment Status allows you to view status by assignment or by student with options to unassign assignments and students. In Assignment Builder you can build, edit, save, and delete assignments and assign them to classes and students. Assignment Archive contains all your assignments in addition to assignments for your classes for all schools. Submitted Projects launches the Grader module for Odyssey Writer. The in-tray icon on the button tells you when student projects are ready for evaluation.

For a brief overview of the assignment components, move your mouse over each of the component buttons below. Click the button to go to one of the components, or choose the component from the Assignments menu in the navigation bar at the top of the screen.

The screenshot shows the 'Assignment Archive' interface. At the top, there is a navigation bar with tabs: Dashboard, My Students, Courses & Assignments, Assessment, Reports, Content, Message Center, and Community. Below this is a sub-navigation bar with: Class Progress, Courses, Assignment Status, Assignment Builder, Assignment Archive, and Submitted Projects. The main header of the 'Assignment Archive' section includes 'Search' and 'Properties' buttons. Below the header are action buttons: Delete, Open a Copy, Assign to Students, and Edit. On the left is an 'Assignment Search' sidebar with filters for Availability, Subject, Grade, Status, Keyword, and Author's Name, along with a Search button. The main area contains a table of assignments.
